

Perfectly connecting tablets and people in the workplace.

Tablet computing is being integrated in financial institutions to enhance the customer banking experience and help branch staff streamline back office processes. Tablets aren't just changing consumer interactions in the self-service environment, they're becoming a mainstay in the branch as a sales and service tool due to their unique attributes, including touch screen navigation, app-driven functionality, and portability, to impact everyday banking operations.

No matter where or how you employ tablets, InVue provides the most complete solutions to:

- 1 Display and protect tablets
- 2 Easily access and utilize the tablet's features
- 3 Provide power to the tablet
- 4 Enable quick tablet mobility

InVue's Commercial Solutions offers best-in-class tablet enhancement products that help protect your tablet while allowing complete, unhindered use of its functions.
