

OSA Sensor

Instant and Accurate

CONTINUOUS VISIBILITY

Accurately monitor product availability, so you never miss a sale.

INSTANT SET UP

Quickly add to existing shelves or hanging fixtures within seconds.

SCALABLE

Reusable single-position sensors measure what's important with minimal investment.

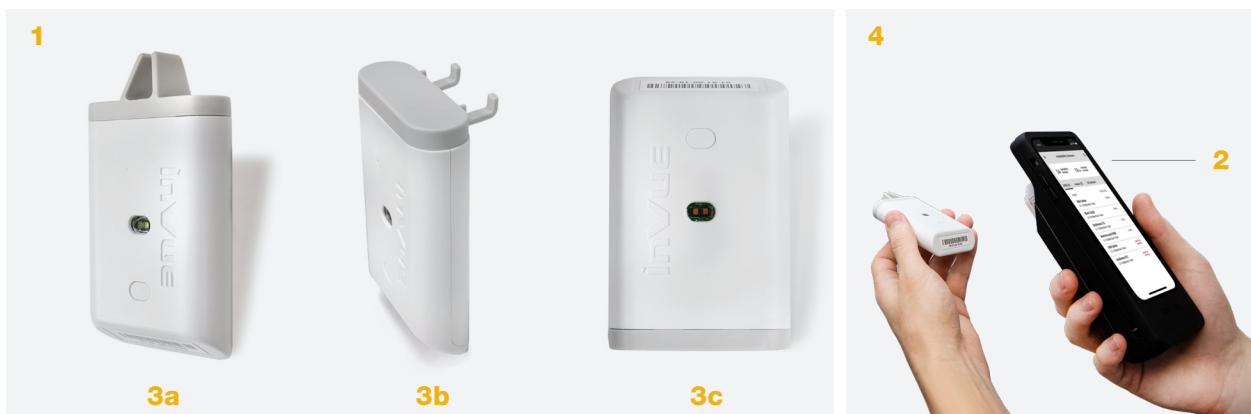

KEEP YOUR SHELVES STOCKED AND YOUR CUSTOMERS HAPPY

Quick set up and continuous visibility provides retailers with accurate tracking on the availability of their most important SKUs and delivers alerts when shelves are empty so that you never miss a sale.

- 2** Continuous monitoring of product availability
- 3** Interchangeable components easily integrate into existing furniture
- 3a** Easily snap onto hanging hook rods
- 3b** Quickly mounts to pegboard back walls
- 3c** Discreetly place on at the back of shelves
- 4** Each sensor can be rescanned and reused to track new products

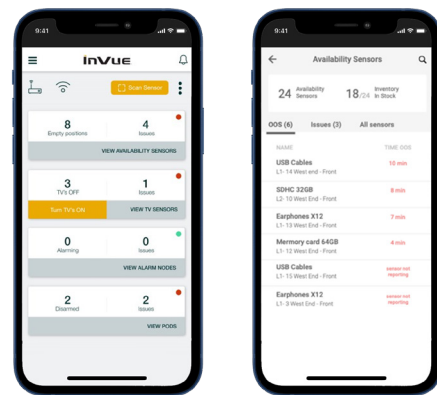

OSA Sensor is part of InVue LIVE—a connected platform of products that help retailers track, monitor and manage store operations in real time. With a suite of hardware and software solutions across Merchandising, Access Control, Security and Operations, InVue LIVE is the single source for retailers to gain in-store visibility across their estate.

OSA SENSOR USES INVUE LIVE'S MOBILE APPLICATION FOR:

- › Fast and clear identification of stocked items
- › Alerts to associates on which items need to be restocked
- › Enterprise-level data that provides actionable insights in real-time
