

Padlock

Padlock is used to protect high-value merchandise. The Padlock protects merchandise by requiring an associate to unlock with Wireless Power Transfer (WPT) from an authorized InVue OneKey. Padlock, together with OneKEY and LIVE Access empowers you to go beyond traditional operations and efficiently manage, secure and track access to merchandise. Padlock can be instantly added to new or existing applications and used on doors, cages, cabinets, storage, utility equipment and more.
